Updated 12/10/2011

#### **Do you feed outdoor cats? Concerned about their increasing numbers & safety?**

Come learn why TNR (Trap, Neuter, Return) is the only method that works effectively. The workshop will provide tips and instructions on how to safely and humanely reduce the free-roaming cat population in your community. Trapping and killing cats is inhumane, **against the law** and does not stop the outdoor cat population from increasing.

The class will explain everything you need to know about the TNR process, free trap loans, low-cost spay/neuter options, recovery protocols for after spay/neuter surgery, how to help solve cat nuisance problems and how to safely manage the outdoor cat population.

**SAFCC is not a shelter or a rescue organization and does not take in cats. No animals are allowed at the TNR Workshops. These sessions are for information and education ONLY.**
